

School Students Exposure Tour to pub Kamrup College Library

During the Summer Vacation in July, 2022, the Pub Kamrup College Library has initiated a programme 'School students' exposure tour to college library'. As a part of the Programme, a group of students guided by two Assistant Teachers from Agdala Chariali High school of Baihata Chariali and Pragyan Academy of Mandakata, Kamrup visited the Library on July 6 and 8th respectively, where the Librarian oriented the students about the basic information regarding the library system in general and the Pub Kamrup College Library in detail. This type of initiative may be a hopeful solution for motivating students towards library.
