Organised by: Department of Organic Farming and Post-Harvest Management and IQAC and Advanced Level Institutional Biotech Hub, Pub Kamrup College.

No. of participants: All teachers of the college and the villagers of the Bonbari village.

A brief note on the program:

Department of Organic Farming and Post-Harvest Management and IQAC and Advanced Level Institutional Biotech Hub, Pub Kamrup College organized a one-week workshop on organic farming and vermicompost during 16th -22nd December 2017 in the adopted village Bonbari. Mr. Gunin Roy, Assistant Professor, Department of Organic Farming and Post-harvest Management conducted hands-on training on the preparation of Vermicompost Pit. He also delivered lectures on importance of organic farm production and sustainable health. In addition, two Vermicompost Pits were built in the village during the workshop which had been handed over to two villagers Mr. Uttam Kakati and Pankaj Kakati.
