Suggestions if any

38 responses

Suggestions

*Overall okay but can be improved.

*To provide the science building with a generator especially Physics department for doing practicals effectively. Moreover during practical exam students especially from the department of physics face many hardships due to load shedding and sometimes the external of the practical exam had to manage this issue through viva process. So as a student

of MSc I would like to suggest you to solve the current problem immediately because we have been facing this problem since BSc days.

* I would like to request that classes be conducted regularly and that teachers ensure Punctuality. I don't have any suggestions

* Should inform at least 1 day before changing the timing of the classes as everyone doesn't remain online anytime, as they change timings in between some classes within that day by talking with 2 or 3 students.

A handwritten signature in black ink, appearing to be 'D. Me', with a long horizontal arrow pointing to the left below it.

Action taken report of Student Satisfaction Survey, 2023-24

After analyzing the Student Satisfaction Survey, 2023-24 Reports, the following actions have been undertaken to improve the academic environment of the college.

1. For academic improvement of the college, the Academic Committee regularly reviews the progression of the classes and other related issues of teaching learning process.
2. An Academic Monitoring Committee, a small core group is constituted to monitor the classes exclusively in the college.
3. To improve the teaching learning process, it is planned to provide smart class rooms to each departments of the college. Three such classrooms have been added in the academic session 2023-24.
4. To ensure regularity and punctuality of students, in every department the students are divided into groups and a faculty member of the department is assigned as mentor of each group.
